

Electric City HOG Chapter “Newsletter”

Chapter Members, who purchased tickets to watch the races in Georgia at Michelin Raceway Road Atlanta, experienced a wet and mid-50s temp with exciting memories to talk about.

HOG members had breakfast at Cracker Barrel Old Country Store in Lavonia, GA filling up before the Race Day. We experienced wet conditions and wind chills up to 45 degrees riding down the interstate. But, so worth it.

When you enter the Raceway and hear motorcycle engines screaming down the straight away, the smile begins. Riding to the Fan Zone you will see hundreds of Harley Davidson Motorcycles parked in and along the Fan Zone area. There was plenty of Merch to pick from, Demo Rides, Stunt Shows, and Kid Games. Walking down the hill to the Paddock. You will see tractor trailers with your favorite rider. Let's not forget about everyone sharing the same passion and enjoying the Pit Walk with Autographs. You could even watch the race on the Big Screen in the H-D covered seating area.

The rain continued during the first couple of races, causing hazardous track conditions for. Junior, Moto Twins and Supersport. The track started drying during the Superbike race only leaving puddles in the low areas. Despite track conditions riders were able to keep crashes to a minimum.

The main attraction KoTB.

#17 Troy Herfoss won King of The Baggers in Race One and Two. In Race One #33 K. Wyman came in 2nd place. In Race Two #33 K. Wyman came in 5th place.

Indian Riders decided to use slick tires instead of full rain tires. That decision pretty much sealed the deal on Sunday allowing Indian riders to finish ahead of H-D riders.

Troy Herfoss is now leading the Championship by 9 points over H-D.

Now when you're not at the track, head over to Timm's H-D and take a look at the New 2024 Baggers. Also, Harley Davidson is introducing the Smart Vest with Airbag Protection technology powered by D-Air, from Dainese. Deploys instantly when needed.

Hope to see more Chapter Members next year at Michelin Raceway Road Atlanta.
